PROFILE

I am a passionate and independent undergraduate studying computer science with a focus on big data analytics. I have a solid background in Python, web technologies. I enjoy building real-world projects, particularly in backend development and frontend design. My interests include cybersecurity, software development and data analysis. I continuously pursue certifications and hands-on practice to enhance my skills

EDUCATION

B.Tech in Computer Science Engineering Specializing in Big Data Analytics
SRM Institute of Science & Technology

Chennai, India

12th Grade

VELAMMAL VIDYALAYA

Chennai, India

10th Grade

Gulf Asian English School

Sharjah, United Arab Emirates

SKILLS

Technical Skills : Python, SQL, HTML

Soft Skills : Communication, Adaptability , Creativity, Teamwork, Your Skill

Tools : Excel

CERTIFICATION

Introduction to Data Science in Python
COURSERS, UNIVERSITY OF MICHIGAN

Introduction to Artificial Intelligence
COURSERA, IBM

Design Thinking - A Primer

Linux for Beginners
INFOSYS SPRINGBOARD

Java Programming Fundamentals
INFOSYS SPRINGBOARD

GitHub Certifications

Foundations of GitHub, including Copilot and Actions
FROM MICROSOFT
